

Congratulations!

You have been given the Wonderful Gift of Bacon!

You **love** Bacon. We **love** bacon too!

At Bac'n.com we are all about the Bacon. Delicious pork belly, mostly dry cured, smoked and some hand rubbed with spices is how we like our bacon and we think you will too. This is not the paper thin, water injected bacon you find at most supermarkets. This is the old-fashioned, tried and true bacon. The bacon that became too slow and costly to produce for the mega-producers of bacon. But here we believe that some things are worth the wait. Like Bac'n Bacon...takes longer, tastes better. And lucky for you, we've assembled some of the best bacon around. And should you be the recipient of a Bac'n Bacon of the Month Club this outstanding bacon will be delivered to your door!

Enjoy!
